

WOX

NEBULA

BEYOND THE EXPECTED.

A new expression of electric confidence.

Some journeys begin
with a destination.
This one begins
with a feeling.

**Quiet confidence. Effortless presence. The
sense that every line, every surface and every
response has been considered around you.**

PRESENCE, REIMAGINED

DESIGNED TO
ARRIVE BEFORE
YOU DO.

— SCULPTED CALM

A silhouette
in motion,
even at rest.

A long 2,760 mm wheelbase gives Nebula its poised stance. Crisp surfacing and a fast roofline bring visual energy without excess.

— A SIGNATURE IN LIGHT

SEEN. REMEMBERED.

**A full-width daytime light graphic,
precisely separated headlamps and a
confident lower grille create an
unmistakable first impression.**

THE WORLD QUIETS DOWN.

A calm, intelligent cabin shaped around human attention.

— INTUITIVE BY DESIGN

EVERYTHING
IN VIEW.
NOTHING
IN THE WAY.

A focused digital instrument display and central touchscreen place essential information within a clean horizontal architecture.

BEAUTIFULLY CLEAR. HONESTLY STATED.

This catalogue is intended as a premium product overview. Images may depict pre-production vehicles, optional equipment, accessories or market-specific configurations. *Equipment and performance figures vary by variant. Range figures are based on the WLTP cycle for the European specification. Actual range, charging duration, energy consumption and performance depend on temperature, driving style, payload, road conditions, battery condition and charging infrastructure. Nebula is WVTA certified, GSR2 compliant and available in LHD and RHD configurations. Connectivity services, eCall, DAB, ADAS equipment and charging interfaces remain subject to the final market specification. WOX reserves the right to change design, equipment and specifications without notice.
