

**WOX**

WOX MOTOR | ELECTRIC MINIBUS

# WOX ELARA

Electric Passenger Minibus

Purpose-built for urban mobility, shuttle services and fleet operations.

**10-17**

SEATS

**86.55 kWh**

CATL LFP

**60 / 120 kW**

MOTOR

**Approx. 400 km**

EST. RANGE

Fully electric. Zero tailpipe emissions. Built for global markets.

## CORE ENGINEERING

# Electric capability, built for fleet duty.

WOX ELARA combines a high-capacity CATL lithium iron phosphate battery with an integrated rear-axle electric drive system. The platform is available in flexible 10-17 seat layouts for commercial passenger transport.

|                  |                    |                 |                  |               |
|------------------|--------------------|-----------------|------------------|---------------|
| 86.55 kWh        | 60 / 120 kW        | Approx. 400 km  | 10-17            | LHD / RHD     |
| CATL LFP BATTERY | RATED / PEAK POWER | ESTIMATED RANGE | SEATING CAPACITY | DRIVE OPTIONS |

| DIMENSIONS & POWERTRAIN | SPECIFICATION                                 |
|-------------------------|-----------------------------------------------|
| Overall length          | 5,995 mm                                      |
| Overall width           | 1,880 mm                                      |
| Overall height          | 2,285 mm                                      |
| Wheelbase               | 3,720 mm                                      |
| Battery                 | CATL lithium iron phosphate (LFP)             |
| Battery capacity        | 86.55 kWh                                     |
| Motor output            | 60 kW rated / 120 kW peak                     |
| Estimated driving range | Approx. 400 km                                |
| Charging                | DC fast charging                              |
| Drive system            | Direct-drive integrated rear axle; 9.33 ratio |
| Steering                | Electric power steering                       |
| Seating                 | 10-17 seats                                   |
| Exterior colour         | Pearl White                                   |

**CABIN & EQUIPMENT**

# Comfort for every journey.

A practical, driver-focused cockpit and a flexible passenger cabin support shuttle, hotel, airport, campus and urban fleet operations.

**DRIVER & CONTROL**

- LCD digital combination instrument
- Four-spoke soft steering wheel
- Adjustable steering column
- Electronic parking brake
- Electric power steering
- Electric mirrors and windows
- Central door locking
- Anti-glare interior mirror

**COMFORT & INTERIOR**

- Front and rear electric air conditioning
- Front electric warm-air heater
- Luxury dashboard and roof lining
- Luxury storage box and interior lights
- Front carpet and patterned rear flooring
- Middle-door step and step light
- Two sliding passenger windows
- Large-panel MP5 radio and 6 speakers

**SAFETY & CHASSIS**

- ABS + EBD
- Front independent suspension
- Front and rear disc brakes
- Brake-pad wear warning
- High-mounted stop lamp
- LED rear combination lamps
- 2 kg cabin fire extinguisher
- Equipment-compartment extinguisher
- Two safety hammers

*Seat-belt configuration: three-point belts for driver and front passenger; two-point belts for passenger compartment seats. Final seating arrangement and equipment package are market- and order-specific.*

BUILT FOR GLOBAL MOBILITY

# One platform. Multiple passenger missions.

Available in left-hand-drive and right-hand-drive configurations, WOX ELARA is engineered for operators across Africa, the Middle East, Southeast Asia, South Asia, Latin America and Asia Pacific.

## 01 AIRPORT SHUTTLE

Quiet, zero-emission passenger transfer.

## 02 HOTEL & RESORT

Comfortable guest transport and daily operations.

## 03 URBAN MOBILITY

Flexible seating for scheduled passenger service.

## 04 CAMPUS & CORPORATE

Efficient movement across large sites.

## 05 FLEET OPERATIONS

Electric platform for high-utilisation duty cycles.

## 06 PUBLIC & MUNICIPAL

Configurable transport for local services.
